NTZ Nederland BV
To Mr. M. Grob
Sydneystraat 60
3047BP Rotterdam
The Netherlands

Datum: 1-02-2008

Subject: NTZ Micro filter

Dear Mr. Grob,

With this letter I want to tell you that TCR Nederland BV has very good experience with the NTZ Micro Filters. We use the filters more than 10 years on different equipment with hydraulic systems. With this filter we have reduced the number of hydraulic failures and repair cost. Also TCR is satisfied with the support of your company with the investigations to enlarge the interval of the oil changes.

Kind regards,

Rob Spijker

Sales manager

TCR Nederland BV

TCR

TCR developed the idea of GSE (ground support equipment) rental as far back as 1999, before rental was even an option for ground handlers. Today, TCR is the only company offering a unique and comprehensive range of GSE services that supports customers in a vital aspect of their ground handling processes: the use and operation of their GSE.

TCR is headquartered in Brussels and has local offices in Paris, London, Amsterdam and Madrid.

TCR Customers base comprises European largest airlines, handling companies, integrators and cargo handlers.

Employees: 300 staff

GSE fleet for rental: 6000 units
